GROWING. LOS ANGELES.
FIT AT 50? WHY NOT AT 100?
GARBO TALKS.
ONLY \$150,000 A YEAR.

LOS ANGELES, Jan. 23.—Los Angeles, stretching from the mountains toward the east, to the great seaport on the Pacific, continues to grow and feel happy. A proud native son, talking by telephone to a friend in New York, says first of all "I am sorry for you. The sun is shining here. It puts your eyes out." And that is hardly an exaggeration.

Children with bare legs and bare arms play and grow in the warm air, all through the winter. No wonder they produce Californians like Helen Wells.

California has a "Fit at Fifty" club, which politely sends you an honorary membership and says it is honored by the governor of the state.

California and every other state should have a "Fit at One Hundred" club. In this country 50 should be only the beginning of fitness and hard work.

What ships are to the Clyde, packing houses to Chicago, big banks to New York and fat goose livers to Strasburg, moving pictures are to this Hollywood land.

The two biggest billboards read "Garbo Talks." They don't even mention the lady's first name, which is Greta.

And "At last the voice of voices, Norma Talmadge."

Two ladies, Bernhardt and Duse, might dispute that, but they are dead. Norma Talmadge is much alive.

A lady stockholder in the Fox Film company complains that "William Fox paid himself a salary of \$150,000. If that's true, Mr. Fox, like a distinguished servant of the East India company, must be amazed at his own moderation."

One company that he controls pays each of two managers three times \$150,000. And moving picture stars hired by him get \$150,000 for one picture.

Even humble newspaper employees get more than that modest \$150,000 salary. It isn't what you are paid, but what you produce that counts.

Charlie Chaplin has not made up his mind about the "talkies," although friends assure him that he would talk as well as he walks. He will come to the microphone in time.

Meanwhile he wants to give up comedy and play Napoleon. Hamlet and Svengali. Chaplin is a genius and would play the parts well. But to 99 out of 100 it would be Svengali. Hamlet and Napoleon playing Charlie Chaplin.

Millions that are vague about Napoleon know Chaplin and would recognize him in any disguise.

The printer or telegrapher caused this column to stay yesterday in the Los Angeles Examiner, and other papers, perhaps, "500 pounds of water are needed to produce a ton of alfalfa." Production of one pound of alfalfa requires 500 pounds of water. Under irrigation a ton of alfalfa requires 1,000,000 pounds of water.

Los Angeles would like you to know that in manufacture of automobile tires, it is now the second city in the industry in America.

All great eastern industries will eventually establish branches here as the United States Steel company. (Continued on Page 5)

ATTORNEYS ASK MAN'S FREEDOM

—'Friendly' Suit Brought Against Warden To Determine Legal Status Of Action

Columbus, O., Jan. 23.—A suit to determine whether prisoners sent to the Ohio penitentiary to serve a definite sentence are entitled to release at an earlier date because of "good behavior" while in the penitentiary was filed in the Ohio supreme court today.

Attorneys Don Hamilton and Lee H. Kramer, Columbus, wrote to the supreme court for a writ of habeas corpus requiring Warden P. E. Thomas, of Ohio penitentiary, to immediately liberate Frank Reeves, a Meigs county prisoner.

About 25 prisoners in the penitentiary will be affected by the court's decree in this case.

The suit is in the nature of a "friendly action" against the warden for the purpose of testing the validity of rulings by former Attorney General C. C. Crabbe and the present Attorney General, Gilbert Bennett, who held that prisoners sentenced for a specific or definite term, must serve out the full term and are not entitled to "good time."

State Supreme Judge E. S. Matthews today issued an alternative writ requiring the warden to show cause not later than January 30, why Reeves should not be released at once.

Judgment Entered

Lisbon, Jan. 23.—The Hart Motor Car Co. of Salineville has taken judgement by default in common pleas court against Rodney Osie, Jr., for \$390.46 and costs. The defendant failed to appear and the default judgment was entered.

ENGINEER, FIREMAN TELL OF ACCIDENT

Crash was First Trainmen Knew of Vehicle On Railroad Tracks

Berea, O., Jan. 23.—Negligence of the driver was responsible for the horrible bus tragedy near here yesterday which wiped out the lives of ten persons—nine of them children—Coroner A. J. Pearce indicated today as bus crash-stricken Ohio pressed demands to officials for a statewide program for safety control of school and passenger busses.

Formal verdict of the coroner hinged this morning upon official statements of John Hand, 69-year-old engineer of the train which ploughed into the bus, and John Deal, fireman. Coroner Pearce indicated, however, that he was satisfied that negligence of John Taylor, 38, driver of the bus, was to blame for the accident.

In unofficial statements, both Hand and Deal said that neither saw the bus on the tracks in front of their locomotive. Neither said they realized an accident occurred until they heard the crash.

"Evidence thus far," Coroner Pearce asserted, "shows that it was an unquestioned case of negligence. There is an unobstructed view of the railroad at the point of the crash for perhaps three miles."

Two Men On Busses
"My recommendation will be that the state of Ohio compel two men to compose the crew of a bus, either school or commercial. In my belief, that is the only way to put a stop for once and for all to the many bus tragedies that have shocked the state recently. And we must put a stop to them."

The crash yesterday, which occurred just a year to the day from the bus disaster at Bellevue, O., where 21 persons lost their lives, brings the total of school children dead victims in bus accidents in the last 18 days to 16.

Coroner Pearce declared, in stating his recommendation, that two men be compelled to man all busses, that one man should do nothing but (Continued on Page 5)

SALEM DEBATES AT YOUNGSTOWN

Undefeated School Team To Meet East High In Competition

Salem High's undefeated negative debate team closes its season in a contest with the affirmative squad of Youngstown East High at Youngstown tonight.

The Salem team has won two debates this season, winning the first from Mineral Ridge High and the second from East Palestine.

Newell Potter, is captain of the team which is composed of Nate Caplan, Walter Theus and Victor Orashin.

The Salem High affirmative team, composed of Harold Mathews, captain; Florence Binsley, Lewis Brisken and Cecil Cinsler, closes its season in a debate with Youngstown Chaney negatives at the Salem High auditorium at 7:30 p. m. Friday.

The affirmative has lost decisions in both previous contests being defeated by Struthers and Youngstown South High teams.

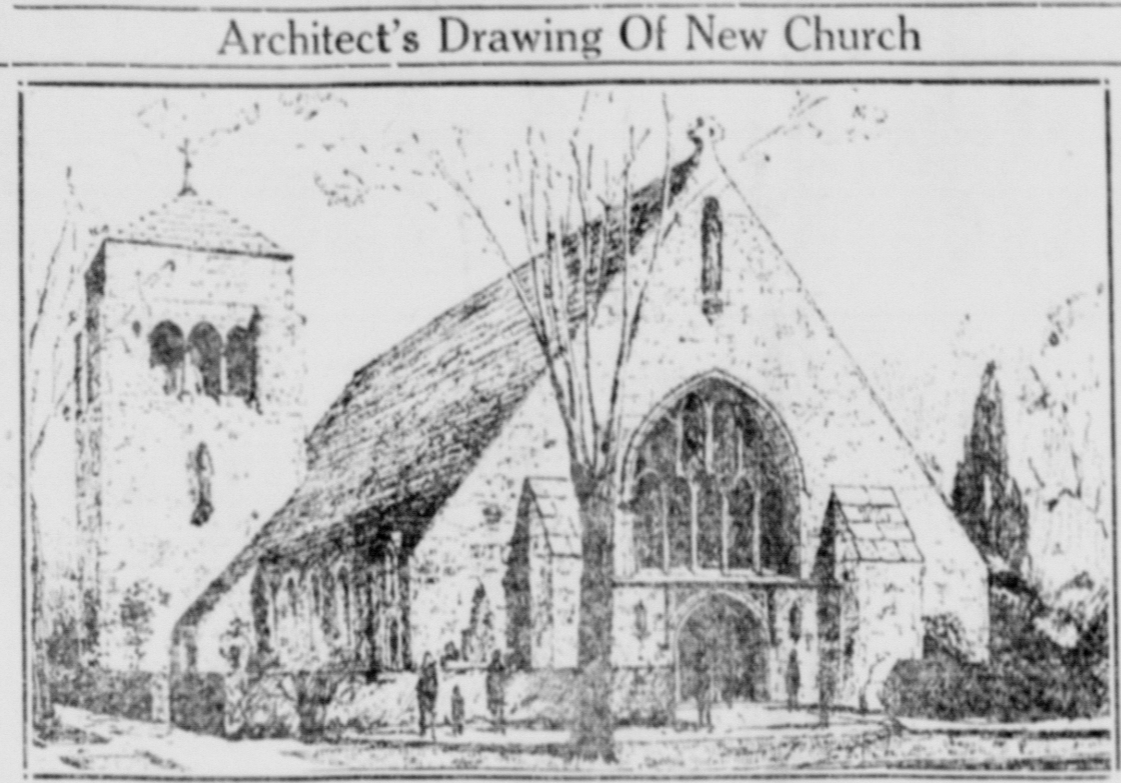

Visitors Attend Baptist Service

Delegations of Youngstown churches and various Salem churches attended the third revival services held at the First Baptist church Wednesday night. A capacity audience was in attendance.

Dr. John W. Hamm of Atlanta, Ga., was in charge of the service, discussing as his address of the evening the three words, "Bought, Sealed and Sold." An address was given at 10 a. m. today with the epistle of John used as a basis.

"The Christ of Crisis" will be used as the subject for Dr. Hamm's address for tonight's service. One thousand tickets for admission for ladies will be given out tonight for Sunday afternoon services.

A women's quartet composed of Mrs. Ralph Snyder, Mrs. Wilbur Glass, Miss Ada Lotman and Miss Ruth Oiler sang a song entitled, "For Jesus."

THE State st and Ohio ave view of the new St. Paul's Catholic church is shown above. The Mary chapel, on the west side, cannot be seen. This picture is taken from the architect's drawing of the proposed structure which is of English Gothic village type style. Construction work will be started as soon as weather permits. Rev. Fr. Maurice Casey, pastor of the church, has announced.

FOOTBALL TEAM TO BE HONORED

Gold, Silver Charms Will Be Presented During School Gathering

Gold and silver football charms, purchased by Salem football fans, will be presented members of the undefeated Salem High school football team of 1929 at a recognition assembly which will be held in the high school auditorium at the close of the first school semester.

The charms arrived in Salem Wednesday and arrangements are now being made by a committee of fans in conjunction with high school officials for their distribution to members of the team.

More than 50 members of the squad will be honored by the city's fan club when the awards are made. Twenty-two gold charms will be presented members of the varsity squad while 30 reserve players will receive silver footballs.

The team went through a season of 11 games, winning the North-eastern Ohio Interscholastic Big Ten and the Columbiana county football championships, proceeding through the entire schedule without being defeated.

Awards will also be presented to Coaches Floyd W. Stone and H. C. McCord.

GERMAN SHIP ON ROCK; ALL SAFE

Vessel Wrecks At Southern Tip Of South America; Boats Remove Passengers

Buenos Aires, Jan. 23.—More than 1,000 passengers were safely disembarked without a single casualty early today when the German steamer Monte Cervantes, outward bound from Buenos Aires, went on the rocks in the Strait of Magellan, at the extreme southern tip of South America, according to reports here.

Local agents of the steamship line operating the Monte Cervantes said that all the passengers had been taken off safely by means of the vessel's lifeboats, but refused to give further information. The fate of the liner is not known.

Dogs Quarantined; Sheep Flock Raid

Lisbon, Jan. 23.—Six dogs have been placed under quarantine and four have been killed at West Point by County Dog Warden C. E. Donahy. Another mad dog has been killed at Unity by Cliff Harris. One sheep was killed and five wounded by dogs on the Firestone farm east of Columbiana.

The dogs at West Point were said to have been bitten by a stray dog afflicted with rabies, and a number of dogs at East Palestine are also said to have been bitten by a dog having a Pennsylvania license attached to its collar.

Jurors To Report For Duty Monday

Lisbon, Jan. 23.—Ten jurors have been drawn from the wheel to report in common pleas court next Monday morning as follows:

W. A. Falconer, O. H. Moore and O. H. Russell, Wheelers; R. C. Harrod, Leesport; Helen Butz, Washingtonville; Jacob Koch, Sr., New Waterford; Samuel Larkins, Salineville; Mabel Felton, and O. C. Delaney, East Liverpool; Donald Strawn, Salem.

Legion To Meet

Lisbon, Jan. 23.—John J. Welch Post American Legion of Lisbon will celebrate its winning the state cup for membership with a roast pig dinner in the Post rooms tonight at 6:30 o'clock. The address of the evening will be made by Attorney Ben L. Bennett of East Liverpool.

Class B Tourney To Be Held Here

The annual Columbiana county Class B basketball tournament will again be held in the Salem High school gymnasium this year.

Dates for the tourney, which has been held here for the past two years, were set today by H. C. Leonard, county superintendent of schools. It will be held Friday and Saturday, February 28 and March 1. Leonard is in charge of arrangements for the tournament.

BYRD REPORT GETS DENIAL

Washingtonville Amateur Wrong, Says Manager Of Expedition

New York, Jan. 23.—A report originating with an amateur radio operator in Washingtonville, Ohio, that the City of New York, flagship of the Byrd Antarctic expedition, had reached the Antarctic barrier on which is little America, Admiral Byrd's base, was declared today to be without basis by Captain H. H. Bailey, manager of the expedition and personal representative of Rear Admiral Richard E. Byrd in New York.

"On the contrary," said Captain Bailey, "the City of New York has reached only the edge of the ice pack in Ross sets, a very different matter. And owing to the unprecedented condition of the ice pack, the New York and the Eleanor Bolling may not succeed in negotiating the southward passage to Admiral Byrd's base—at least not without the aid of large vessels. This is a critical contingency. The Eleanor Bolling will join the City of New York on the northern edge of the ice pack about January 26. If by that time the ice is sufficiently open, both vessels will proceed south to Little America. But there is at present no indication that the ice pack will be sufficiently open."

PRISONERS TRY TO BREAK JAIL

Quartet Discovered By Officer Before Attempt Turns Into Success

Pomeroy, O., Jan. 23.—An attempted escape of four prisoners from the county jail here, frustrated early today by Deputy Sheriff Ben Morris.

Morris was awakened about 2 o'clock by a strange tapping noise. He called Sheriff J. A. Willock, and an immediate investigation disclosed that four inmates had saved the bars of their cells, which had afforded them entrance into the corridor.

The four men, Joe Hedricks, Harry Jones, Oliver Moore and William Salyers, are all alleged wife thieves.

A lever which had been broken from the door, aided the men in prying up a concrete floor and digging a hole. They were preparing to escape through the hole when the two officers discovered them and shattered their plans.

Legion To Meet

Lisbon, Jan. 23.—John J. Welch Post American Legion of Lisbon will celebrate its winning the state cup for membership with a roast pig dinner in the Post rooms tonight at 6:30 o'clock. The address of the evening will be made by Attorney Ben L. Bennett of East Liverpool.

PRINCIPLES OF KIWANIS TOPIC

East Liverpool Man Gives Address Before Club In Meeting Here

Kiwanis principles were discussed by Russell Heddieson of East Liverpool, at the anniversary meeting of the Salem Kiwanis club at the Memorial building Wednesday night.

Heddieson, past trustee of Kiwanis International, discussed the purpose of Kiwanis organizations and complimented the Salem club on its activities.

Atty. H. L. McCarthy gave a short talk on Kiwanis.

He was presented by Dr. J. B. Sharp. The meeting was arranged by a committee composed of Dr. Sharp and City Engineer F. S. Barkhoff.

Charles Freed, 11-year-old son of Mr. and Mrs. Charles Freed, this city, entertained the club with dancing, song specialties and piano solos. The boy has been entertaining at recitals and club meetings since he was three years of age and is one of the district's leading juvenile entertainers. He is a student in sixth grade at Fourth st school.

A vocal solo was given by Mrs. Calvin Leasure, Salem, she was accompanied by Mrs. Ruth E. Berry, also of this city.

Next week's Kiwanis meeting will be in charge of a committee composed of Ralph B. Snyder and Z. W. Barnard.

WEDDING ENDS IN TWO DEATHS

Gangster Shoots One Man And Is Shot When He Turns To Flee; Man Escapes

Pittsburgh, Jan. 23.—Gangster's guns blazed on the north side here early today, police believe, to turn a wedding party into a killing scene, with two men shot dead. Police are searching for a third gunman in connection with the slaying after it is believed, he averaged the death of a gangster brother.

Just as some 400 men and women were concluding the wedding celebration which followed the marriage of Angeline and John Cannelier, Leo Bedetto, 35, drew a revolver and shot Joseph Cirilione, 2, in the back. As Bedetto turned to run away, another member of the party drew a revolver and shot him, then made his escape over the crumbled body of Bedetto.

Both victims were pronounced dead when they were taken to the Allegheny General hospital.

Columbiana People In Auto Accident

Columbiana, Jan. 23.—Two Columbiana residents were injured in an automobile collision on the Columbiana-Youngstown rd. near Boardman about 7:30 p. m. Wednesday.

Vance Stewart, driver of the machine in which he and Mrs. Roy Weaver were enroute to Youngstown, sustained minor cuts and lacerations about the face while Mrs. Weaver was cut about the face and suffered from severe shock.

Stewart's machine collided with a trailer of a truck which was parked on the highway without a rear light. The automobile was badly damaged.

Mrs. Weaver and Stewart were taken to Youngstown city hospital from where Stewart was released today. Mrs. Weaver, more seriously injured, may be returned to her home in Columbiana late today.

TENNESSEE DOWN NEAR ZERO MARK

Relief Expected Today From Cold Wave In Central States

While indications throughout the state predicted a wave of fair and warmer weather within the next 24 hours, Salem and vicinity was still in the grip of sub-zero and near-zero weather throughout the day.

Lowest temperature reported in the vicinity of this city is believed to have been registered in Winona, residents of the village reporting that mercury of three thermometers hovered 15 degrees below the zero mark in early morning hours.

Thermometers in downtown sections of the city showed temperatures of five below here early today. The mercury rose to five above at 9 a. m. and was gradually rising throughout the day.

Chicago, Jan. 23.—Subzero temperatures, that brought death and suffering to a large portion of the United States, continued today with the prospect of relief offered by weather forecasters.

An almost exact counterpart of last week's frigid wave, the present cold blast was most severe in the middle west and the plains state, yesterday, extending near-zero temperatures to practically every section of the south.

Throughout the middle west, temperatures continued between eight degrees below zero in the Great Lakes region to 30 below in parts of Iowa and Western Illinois.

Moline, Ill., reported an unofficial temperature of 32 below zero, while Darlington, Wis., was held in the grip of an unofficial 35 below temperature.

Blizzards in the central states accompanied almost unprecedented low temperatures, the worst of which was felt in northwestern Colorado with temperatures ranging from 45 degrees to 52 degrees below zero.

Below zero temperatures set the (Continued on Page 4)

BUS DRIVERS TO STRIKE FOR PAY

Wage Dispute Cause Of Order Declaring Walk-Out

Cleveland, Jan. 23.—Bus drivers of the eastern division of the Greyhound lines, operating from Chicago to points east, including Scranton, Philadelphia, Buffalo, and New York, were called on a strike today following a wage disagreement, according to Peter Brown, president of the organization of drivers here.

The strike affects more than 200 drivers, including those of the Great Lakes Stages, which was absorbed by the Greyhound lines in December.

Requests that drivers refuse to start their runs were issued by the drivers' organization committee in charge of the strike, which completion arrangements for the walkout at a meeting in Painesville last night. Telegrams were dispatched immediately after the meeting to organizations in Philadelphia, Buffalo, and New York.

Local bus officials declared today that they did not believe the walk out would affect service on their routes. Reserve drivers are being brought in to cover the runs.

The strike, according to officials of the drivers' organization is the result of a dispute over wage reductions and allowances which were discontinued after the Great Lakes lines were taken over by the Greyhound.

Traction Company Sued For Injuries

Lisbon, Jan. 23.—Charles Peck, a minor through his next friend, Anna J. McMillen has filed a \$10,000 damage action in common pleas court against the Steubenville, East Liverpool and Beaver Valley Traction company for injuries Peck is said to have sustained Nov. 7, 1929.

The petition declares that Peck was on a coal wagon in charge of Herman Martin, and that when the coal was being unloaded on Pennsylvania avenue, a car of the defendant struck the wagon, throwing him from it and caused him severe injuries. The petition was filed for the plaintiff by Attorney W. A. O. Grady.

Constable To Get Larger Badge

Pomeroy, O., Jan. 23.—Constable Loid Hysell, of Middleport, today decided to get a larger badge and to display it more prominently.

A stranger accosted him on a street in Middleport, near here, last night, and, after a few preliminary remarks, asked, "where can a fellow get a drink in this town?"

He did not stay to hear all of Constable Hysell's speech, after he had discovered the badge, which was partly covered by his coat.

When the officer finished his little dissertation, he found he was talking to himself. The stranger had fled.

NATIONS STATE NAVY NEEDS IN LONDON PARLEY

American-English Words Given As Basis For All Success

ITALY READY TO SLICE HEAVILY

Demands, However, Equal Strength With Other European Powers

London, Jan. 23.—America's naval agreement of parity with Great Britain was laid before the assembled naval powers of the world today at the first full session of the London naval arms conference which saw an extremely cautious beginning of the difficult task of naval disarmament.

By common agreement, no specific programs of demands were made. The figures presented by each chief delegate were confined to self-protection of his particular nation's needs from the standpoint of naval strength as related to geographical position and political responsibilities.

A peaceful atmosphere pervaded the meeting, none of the delegates exhibited a hostile desire to question the positions of the others.

Stimson Makes Speech
Secretary of State Stimson started his speech by declaring that he would make no complete statement of America's requirements at this meeting but added that "these requirements are well understood and cheerfully recognized by the country that is our host."

"We are agreed that there shall be naval equality between us," he went on, "and believe that is the best method of promoting the beneficial aims of the conference."

Col. Stimson stressed the fact that naval needs were relative to world conditions, and that if a way was found for general reduction of navies, the United States navy could be reduced. He expressed a fervid hope that a way for general reduction would be found.

His remarks were comparatively brief but throughout his speech he emphasized that parity with Great Britain was the keystone of the whole American policy.

Following Stimson, the other chief delegates rose to speak one after another in alphabetical order.

J. E. Fenton, speaking for Australia, emphasized the need for national security. He declared that Australia had learned from experience (Continued on Page 4)

Village Council In Annual Budget Duty

Washington city council passed the village's 1930 appropriation ordinance, setting funds in various village departments, at its meeting this week.

The ordinance accepted the rates as established by the budget commission and was then filed with the county auditor.

Bids for the depository of funds were accepted and the award made to the Citizens Saving bank of Columbiana.

Council will meet in its next session, Tuesday Feb. 4.

Auditor At Meeting

Lisbon, Jan. 23.—County Auditor Elmer E. Walker will attend the first meeting of the tax amendment committee that is scheduled to be held at the Deshler-Wallick hotel at 1 o'clock Friday afternoon. Walker is the only member of the committee from northwestern Ohio. The meeting has been called by John S. Edwards, as chairman.

INSTITUTE HERE WILL END WITH EVENT TONIGHT

Winners Announced When Judging Is Complete In Products Show

CLEVELAND MAN TO SPEAK AT MEETING

Music Program Arranged; Attendance Broke All Prior Records

With members of the Salem Business bureau in charge tonight, the most successful independent farm institute in this vicinity will come to an end of the Memorial building.

Walter Coy, Cleveland accountant and a former Salem resident, will give an address at the meeting while music will be given by the Salem high school band and the Kiwanis club quartet.

Attendance this year has surpassed that of last year and with possibilities of other institutes in this vicinity joining the Salem meeting, it is probable that the affair will become one of the largest of its kind in the state.

Five granges cooperated in sponsoring the event this year.

A. Ward Allen, Salem, R. D. 6, won two prizes in the milk exhibit at the farm products display, a feature of the institute.

Allen was awarded first prize in Class 2, and received third prize in Class 1. R. A. Shear, Salem, R. D. 1 won first prize in Class 1.

Other winners are: Class 1, second, O. W. Fieldhouse, Salem, R. D. 3; fourth, Harry Shinn, Salem, R. D. 5; Class 2, second, Ben Wein-gart, Leetonia, R. D. 3; third, Wildford Kump, Atwater; fourth, Floyd Wilhelm, Atwater.

Kump and Wilhelm are Atwater high school students. L. O. Walker of the Smith-Hughes department of the Atwater high school, accompanied by 15 students attended the institute Wednesday afternoon.

Don Koehne, specialist with Ohio State university, Columbus, judge of the milk exhibit, gave a milk rating demonstration for the students.

Prize winners in the egg exhibit announced today are: Brown Eggs—First, F. L. Vincent, Salem, R. D. 3; second, Howard Noble, of Carrollton; third, O. W. Kurtz, Minerva; fourth, Mrs. Frank (Continued on Page 4)

CUSTOMS MEN FACING CHARGE

Failure To Collect In Liquor Import Cause Of Reports

New York, Jan. 23.—Failure to collect \$16,000 in penalties alleged due the United States government from Herbert L. Pratt, chairman of the Standard Oil company of New York, for liquor alleged to have been smuggled into this country, was charged today to New York customs officials.

The officials involved are Philip Eling, collector of the port of New York; Colonel Arthur F. Foran, controller of customs; Henry C. Stuard, assistant collector; Thomas J. Skuse, assistant controller; George Brewer, assistant solicitor; and George O'Keefe, special agent here of the treasury department.

An affidavit, it was learned, has been filed with President Hoover, accusing the six men of abuse of their official authority in granting immunity from penalties, neglect of duty, conspiracy to defraud the government, undue discrimination and gross incompetency.

The charges were sent to the President January 9 by G. Rowland Munroe, counsel for the Anti-Saloon league of New Jersey on behalf of Ernest S. Braidwood, of Somerville, N. J., Braidwood's name figured as one of the alleged raiders who made a mysterious visit to the hunting lodge of Colonel Foran at Mount Airy, Henderson county, N. J., on Monday night.

Failed In Duties
According to charges of Braidwood, the customs officials failed to collect duties and penalties they should have levied, it was claimed. After the seizure of a large amount of liquor on the steamship on May 29 of last year.

THE STAGE IS SET

The world has heard King George V of England welcome the delegates to the London naval conference and express his hope that they will be able to exceed the splendid results gained in the conclusion of the Washington treaty in 1922. The beloved monarch's trust that the conference will lead to alleviation of the taxpayer's burden and hasten the time of general disarmament is an expression of the desire of those millions who heard him speak for the first time Tuesday morning.

The manner in which the conference is to be conducted and the unprecedented interest taken in its negotiations is ample evidence that there is fear now where fear will prove most useful, for at least the secrecy of the doors leading to the diplomatic chambers has been penetrated and the representatives who sit behind them are more keenly aware than ever before of what the people expect them to do.

H. M. Tomlinson, noted war correspondent, and a man well qualified to comment on the subject, has summed up his feelings as follows:

"What we want is a positive desire for peace so passionate if it is threatened that statesmen and diplomats will fear the demerit, crazy rather than more than they now fear the wrath of God. Let them once realize that war means the march of its populace on its own capital to prevent an iniquity and war-minded statesmen and officials will go the way of the plague rats."

This statement, although worded somewhat harshly, represents to a fair degree the attitude of the nations concerned towards the London conference. There is a strong desire for peace and there is good reason to believe that the delegates are sympathetic with it. Starting with the first official discussion tomorrow, the press, the radio and the telephone will transmit to all parts of the world the results of the conference, and will bring the world closer than ever before to that time when it can be said truthfully that men who know each other will not fight.

A prominent fashion expert says the newest trend in night apparel for the ladies follows the style of the evening dress, with long trains at the back and sides. If they think enough of their long skirts to take them to bed, it begins to look serious.

England may require motorists to place "man catchers" on the front of their cars, a device to bounce the unfortunate pedestrian to the side of the auto, but no one has said anything about softening the surface of the streets.

MELLON LOOPS OFF ANOTHER BILLION

Hard upon the childish demands by Senators Norris and Brookhart that Secretary Mellon resign or be compelled to resign because he has not achieved the impossible in the way of enforcing the Volstead act for this enforcement congress failed to appropriate any sum commensurate with the size and difficulty of the task—comes an announcement that once more the treasury department has performed the prodigious feat of decreasing the national debt by a billion dollars within a twelve-month period, so that the total federal obligations now stand at about \$16,300,000,000 as against approximately \$17,300,000,000 at the end of August, 1919.

This marvelous reduction has been made in the face of constantly increasing federal taxation. Today the national income tax assessments are only a small fraction of those imposed a decade ago. And it has been brought about without crippling the federal departments or injuring the efficiency of the government. Direct credit for the astonishing achievement, without parallel in the history of public financing, goes to Mr. Mellon, and in the face of his accomplishment, petty attacks like those of Messrs. Norris and Brookhart appear merely contemptible.—Detroit Free Press.

HEALTH

By Dr. Royal S. Copeland

EXPERT CARE NEEDED

There is no wonder that thoughtful persons observe the remarkable perfection of Nature's methods. The human body, in its every part, is an instrument capable of adjusting itself to every condition. Of all its parts, the eye must take first place in its remarkable adaptability to its purposes.

It must be expected that an organ so complicated will at times meet with trouble. One of the disabilities affecting the eye is known as "glaucoma."

The name given this disease is derived from a Latin word meaning greenish-blue or gray. It is appropriately applied to the disease glaucoma, because this ailment produces a peculiar greenness of the pupil of the eye. This is quite characteristic of glaucoma.

The victim of this complaint is likely to suffer great pain. The eyeball becomes very hard. The tension is sometimes so great it actually feels like a stone.

If you will close your eyelids and place the ends of your index fingers upon the "sore" lids, you will get an idea of the normal tension of the eyeball. Pressing first with one finger and then the other, you will observe the elasticity of the feeling is entirely different. The tissues do not give at all under pressure of the finger tips.

The symptoms are due to an interference in the drainage of the eye. The fluid which accumulates in the front part of the eye is constantly renewed. The excess is carried away through a canal and ultimately gets into the general circulation. If this drainage system is interfered with the fluid accumulates in the eyeball and, eventually, of course, must fill it almost to the bursting point.

As you will see, the symptoms of glaucoma are just what might be expected. This accumulated fluid produces hardness of the eyeball. Pressure upon the sensitive nerves causes great pain. The eye becomes inflamed, the vision grows dim and, unless relief is afforded, blindness will result.

Various operations are recommended. In most cases they are successful. There are remedies which can be dropped into the eye to reduce the tension and relieve the pain. Every case of glaucoma is one requiring the expert attention of a specialist in eye diseases.

Like fraud or treachery is enjoined. Likewise shun personal extravagance and wild speculation. Those whose birthday it is may anticipate a year of large opportunity with important advantages of many natures. There may be changed employment and environment, both beneficial. But beware hidden avenues of fraud or duplicity in dealing with combines, secret organizations or with irresponsible or crafty individuals. Also beware extravagance with funds. A child born on this day may be highly gifted with talents and initiative, which should win for it substantial place in life, with prosperity and happiness.

New Canaan, Conn.—Norris Thompson, entering high school here at the age of ten, is the youngest pupil ever to enroll in a Connecticut high school. Norris, the daughter of Mrs. Stanley Thompson, has displayed unusual ability as a student as well as talents for drawing and dancing.

SSS has meant a new day to many a person

A CLEAR SKIN comes from within

Lack of appetite, loss of strength, skin eruptions, that "sore" feeling and other human ills may be due to a lack of red-cells in your blood.

If you are tired—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try S.S.S.

"MY despair was so great I could have cried. The good cheer and merry happiness of others only mocked at my condition. I had begun to wonder why life could be so cruel. No appetite. No strength. Skin blemishes always embarrassed me. Aches and pains coursed through my body. I wanted to restore my health and live. What was I to do? . . . happily the day came and I found the right road to health when a friend recommended S.S.S."

You may be one of the thousands with a low blood count—to this may be attributed "run-down" systems, skin troubles, and even more serious ailments. It is very dangerous to let the blood count remain below normal.

With an increase in the red-blood-cells you will be on the right road to health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich red blood. Thousands of users have testified to its benefits. It is unexcelled letters of gratitude. All drug stores sell S.S.S. in unadorned letters of gratitude. Size. It is more economical. Two sizes. Ask for the larger size. © S.S.S. Co.

PROHIBITION FAVORED

Editor News: Ten years have passed since the 18th amendment became a part of the constitution—the period asked for by its promoters to show the real effectiveness of the measure. The effectiveness must be real to some extent by now, else the hue and cry against it that is filling the newspapers would not be raised.

Just when we are convincing the world that prohibition may be a good thing is no time for us to talk remodeling or repeal. Sit tight, pull together and we shall win.

Former President Coolidge speaks of the fringe of lawless, vicious criminals who would play havoc with order and decency in this country, but they are not of the real U. S. President Hoover says the spirit of obedience to law is necessary to the success of any law. What we all need is a greater sense of responsibility. The only way to make our federal and local government effective

is for those vested with the power of enforcement to take their responsibility seriously and the people to take their responsibility seriously.

Our country's present day tendency to take nothing seriously reminds one of the Hebrew nation when it went after false gods.

It had spasmodic returns to righteousness. Nehemiah a man of pluck and vision undertook to rebuild Jerusalem after one period of destruction and accomplished great things.

The people had a mind to work. Nehemiah could not possibly have gotten such results but for the people having the mind to work.

So it rests with the people to be the foundation of our progress be it good or evil.

Just read in February American, "Lincoln's 1930 message to you. Read it. It is full of inspiration to hold fast and go forward with that which is right in spite of difficulties. So with all the babble of the papers,

let us keep our eye singly to the goal.

There should be no questions of difference among us concerning the suitability of the buyer of liquor that is just self evident nor should there be any question of the right of officers to fire when suspected boats or cars refuse to stop when signalled.

That is the law, as Secretary Mellon says: They must take the consequences.

City Auditor George Holmes was in Columbus attending the state convention of city auditors which convened Tuesday.

That Salem is to be the headquarters of a new enterprise during the coming summer months became known here this week when a representative of the H. J. Heinz company, Pittsburgh, came to Sa-

lem to make contracts with farmers and gardeners to grow tomatoes for them.

Winona—Much work in the way of extension of lines and placing of new telephones is in contemplation by the Winona Telephone company, management the coming spring. Considerable work will be done in the vicinity of Dunsmuir.

The eleventh annual industrial picnic of Salem will be held Saturday June 18, at Conneaut lake near Meadville, Pa. The place was decided at a meeting of the committee Friday evening.

It was stated Saturday that the American Case and Register plant would be placed in operation next Tuesday. The plant has been closed down about five weeks.

Mrs. Jennie Gwinner, McKinley ave. left Saturday for Columbus to spend a week.

At the home of the bride's parents, Mr. and Mrs. Chas. D. Arner, east of Salem, Miss Helen Arner, became the wife of Walter F. Kenrich, of Winfield, Kan., Saturday afternoon.

Rev. W. L. Swan officiated, using the ring ceremony.

Mr. and Mrs. J. F. Penrose, this city, attended the funeral of William Myers in Lisbon.

Elmer Freese, West Main st., who has been ill is reported to be improving. Mrs. William Mundy, Damascus rd., fell down stairs Friday evening. She dislocated her knee and sustained other injuries.

To Award Contract

Washington, Jan. 23.—The constructing quartermaster at Wright Field, Dayton, Ohio, has been authorized by the quartermaster general to award to the Morley Brothers Construction company of Kansas City, Mo., a contract for the construction of a factory building at Fairfield air depot, Dayton, Ohio, to cost \$199,490, the war department announced today.

PROSPERITY IN COOPER SPEECH

Governor Addresses Men Of Manufacturing Organization

Mansfield, O., Jan. 23.—A bright future for Ohio is predicted by Governor Myers Y. Cooper, who returned to his offices at Columbus today, after attending the annual meeting of the Central Ohio Industrial Manufacturers' club here last night. More than 500 delegates heard the governor deliver a "prosperity" address.

Cooper spoke of the huge public improvement progress in which the state is now engaged, and said, "if industry will take the same courageous attitude in meeting disturbed conditions, I am making no idle prediction when I say that after the first six months of 1930, we will never know there was a near-panic." The governor referred to the conditions which existed last November when thousands of men in the state were threatened with unemployment.

Governor Cooper again spoke of the school bus tragedy which occurred at Berea yesterday, declaring that the accident was the result of "wanton carelessness." Greater caution on the part of those who are connected with the operation of school buses must be required, he said.

Governor Cooper, accompanied by his official staff, conducted a personal investigation of the Ohio state reformatory, here, yesterday.

END BUNION PAIN FOREVER

No Need to Suffer Another Day Those Agonizing Torturing Pains

There is one simple yet tremendous way to reduce inflamed, swollen toe joints and get them down to normal, and that is to apply Moore's Emerald Oil night and morning, and people who suffer from such enlargements would be wise to reduce them before they reach a more or less chronic stage.

Ask any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time, and furthermore, if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. By applying night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal. Adv.

Race Horses Die In Louisiana Barn Fire

New Orleans, La., Jan. 23.—Three persons were seriously injured and 14 race horses, including Cannon Club, Chorister and others, were burned to death today when fire destroyed H. B. Reuter's barn at the fair grounds race tracks.

Wilfred May, 19, an apprentice rider; J. W. Smith, of Milwaukee, and Phil Catman, stablemen, were those seriously burned. May was so scared by the flames that physicians feared he would not recover.

The origin of the blaze was not determined.

AIRPLANES AID FLOOD VICTIMS

Ice Jams Prevent Boats From Rescuing Those Now In Peril

Vincennes, Ind., Jan. 23.—Sub-zero temperatures, are blamed for scores of pneumonia and influenza cases reported today among the hundreds of families marooned by flood waters from the Wabash and White rivers.

Red Cross surveys show that 2265 families are flood sufferers with 1225 of these families homeless and the rest in need of assistance.

Leaders of relief expeditions reported that many cases of pneumonia, smallpox and influenza, are among the refugees who sought shelter in the crowded building in the Decker chapel area. The first floors of these buildings are flooded and the refugees are crowded in the second floors.

A Red Cross airplane piloted by Lieut. Lawrence Genaro and Walter Peck dropped food and emergency medical supplies to the refugees in this area yesterday shortly before dusk. The fliers said ice jams are too thick to allow relief work by boat.

No word has been received yet from 85 residents of Decker township where several feet of water and ice has covered the territory.

That COLD

Colds come suddenly. You can often end them just as quickly! Take Bayer Aspirin the moment you've caught one. A single sneeze should be the signal, or the first sign of congestion or headache, or soreness. Exposure to cold and wet isn't half so serious when you've learned to protect yourself with Bayer Aspirin. For the speedy relief of colds, headaches, neuralgic or neuritic pain, and even the acute suffering caused by rheumatism, there is nothing so sure and so safe as genuine Aspirin tablets stamped Bayer. They make a marvelous gargle, too. See proven directions in every package.

UNIFICATION OF CHURCH HOLDS OHIO MEETING

Alliance College Head Is Speaker On Program At Columbus

Columbus, O., Jan. 23.—Unification of the Christian church throughout the world continued to be the theme of the pentecostal centennial celebration, as the sessions were resumed here today.

More than 5,000 delegates and speakers from all parts of the world are attending the centennial, which will continue until Saturday.

Declaring that the nations of the world have not worked hard enough to win international peace, Frederick Norwood, pastor of City Temple, of London, closed yesterday's session with an address before the Ohio pastors' convention, which is being held as a part of the centennial.

The English minister expressed little hope for any immediate development in the progress of the cause for world peace. He declared that a future development of the soul will turn human interest toward the spiritual things of the universe and away from the grossly material.

"Science, especially physics," Norwood said, "is becoming more and more interested in the study of the characteristics of space with a gradual, but certainly growing disinterest in the facts of human nature."

Other speakers who addressed parts of the convention yesterday were Dr. William O. Thompson, president-emeritus of Ohio State university, chairman of the Ohio pastors' convention; Mrs. Induk Kim, extension secretary of the student volunteer movement, a native of Korea; Dr. George W. Richards, of Lancaster, Pa., president of the theological seminary of the Reformed church; Dr. W. H. McMaster, of Alliance, president of Mount

Union college, and several prominent Ohio ministers.

Ohio Girl Working At Naval Meeting

Washington, Jan. 23.—Miss Anna Belle Newcomb, of Lorain, O., personal stenographer to Assistant Secretary of State White, is one of the capable girls who are taking London by storm as members of the secretariat of the American delegation to the naval parity.

She entered the state department June 16, 1924, having come there from Smith college, at Northampton, Mass., where she had been employed as a stenographer since the previous January.

She attended Northampton high school from 1918 until 1922, after which she took a two-year course at a business college.

Debt Death Cause

New Philadelphia, O., Jan. 23.—Worry over a \$100 obligation on his brother-in-law's note is today believed to be responsible for the death of Adam Raush, 67, who late yesterday fired a bullet into his brain.

It Is Folly To Stay Fat

The proof is everywhere. In every circle you can see that excess fat is disappearing fast. Modern science has found a major cause of excess fat in a weakened gland. In late years, physicians the world over have been fighting that cause. They do not rely on starvation.

This modern method is embodied in Marmola prescription tablets. Each box contains the formula, as prepared by famous experts. People have used these tablets for 22 years—millions of boxes of them. Now nearly all have friends who show the results in new beauty, health and vigor.

Go try Marmola. Test the right way to reduce. The results will amaze and delight you. All druggists supply Marmola at \$1 a box.

HONOR MR. HAUSER

Honoring E. F. Hauser, who has resigned his position as district manager with the Penn-Ohio Power & Lighting company, employees at the Salem office gave a dinner party Wednesday evening at the home of Mrs. Helen Brumbaugh, North Lundy st.

The table was prettily decorated in yellow and white tones. Places were arranged for 22. T. E. Miller, who succeeds Hauser, was a guest.

As a token of esteem Hauser was presented a gift by the employees. After dinner hours were enjoyed at cards. Trophies offered fell to William Jungreis and Miss Amelia Shope.

AT ATKINSON HOME

With 32 members in attendance a meeting of Circle 4 of the Methodist church was held Wednesday afternoon at the home of Mrs. L. W. Atkinson, Highland ave. Her associate hostesses were Mrs. E. M. Peters, Mrs. Charles Hunt, Mrs. Ray Kenneweg and Mrs. Moss.

Devotionals were given by Mrs. H. C. James, Mrs. Calvin Lease and Mrs. Charles Cornell contributed vocal duets, while Mrs. Forest Coy and Mrs. Cornwall offered a piano duet. The hostesses served lunch.

FAREWELL COURTESY

As a farewell courtesy to Mrs. Bess Gunn, who will leave the latter part of next week for Pittsburgh, where she has accepted a position, Miss Mary Wright and Miss Naomi Votaw delightfully entertained a group of friends Wednesday evening at the Wright home, Ohio ave.

Four tables of cards were in play. Mrs. Charles Cornell, Miss Marion Montgomery and Mrs. Edna Trotter were prize winners. Lunch was served by the hostesses.

PLAN PARTY

Plans were made for a party, which will be held Feb. 18, at the church, at a meeting of Circle 6 of the Methodist church Wednesday afternoon at the home of Mrs. James Irey, Etna st.

Twenty-one members were in attendance and there were five visitors. Mrs. Anna Ramsey had the devotionals. Lunch was served by Mrs. Irey and her associate hostesses, Mrs. Ambrose Slater, Mrs. Gressinger and Mrs. Henry Davis.

DINNER AND BRIDGE

Red carnations and Valentine day appointments made the table attractive at a covered dish dinner Tuesday evening at the home of Mr. and Mrs. Herman Wright, Tenth st. The dinner was given by Mrs. Wright's club associates, who entertained their husbands on this occasion.

Four tables were in play at bridge. Mrs. Clarence Metz and H. L. Wright won the prizes offered. On Feb. 5, the members will meet again.

CIRCLE 2 MEETS

Ten members of Circle 2 of the Methodist church met Wednesday afternoon with Mrs. Lyman White, leather, East Fifth st.

This circle has the program and serves lunch at the Women's organization meeting of the church Feb. 12, at the church, and plans were discussed for this meeting.

The February meeting of the circle will be with Mrs. Norman Phillips, East Third st.

MRS. REED HOSTESS

A program of stunts and contests entertained at a meeting of Circle 5 of the Methodist church Wednesday afternoon at the home of Mrs. William Reed, Franklin st. There were 24 in attendance. Mrs. Reed and her associate hostess served lunch. Mrs. E. I. Smith, Washington ave., will be hostess at the February meeting.

CLUB DINNER

A group of club associates had a dinner Wednesday evening at McKinley Inn, East State st. After the meal they went to the home of Miss Edith Harris, Maple st., and played bridge. Two tables were engaged in the games.

LITERARY CLUB

Readings added interest at a meeting of the Literary club Wednesday afternoon with Mrs. A. C. Yengling, Tenth st. The hostess served refreshments.

Mr. and Mrs. George Carpenter, of Donora, Pa., concluded a short visit with friends here Thursday afternoon. They are former Salem residents. Mr. Carpenter having been employed at the J. C. Penney company store.

Mr. and Mrs. Richard Henry, formerly of Salem, have moved from Richmond, Va., to Hilton Village, a suburb of Newport News, Va.

Mrs. Floyd Bailey, formerly of Salem, has accepted a position in the office of Dr. H. W. Babington, Lisbon district.

COLD WEATHER

(Continued from Page 1)

southland to shivering. Arkansas, Texas and Tennessee suffered from near-zero cold. Fayetteville, Ark., was reported as the coldest spot in the south with 23 below zero. Unofficial temperatures in Missouri ranged near the 30 degrees below level.

Two more deaths were added to the cold wave's toll in the Chicago area when George Steiner, 22, fell dead yesterday and Mrs. Catherine Miller, 49, was found frozen to death in her back yard here.

More than 70 families were forced to flee in night clothes when flames wrecked two large apartment buildings here yesterday. They were given emergency shelter from the eight below zero temperature in nearby buildings.

Some relief may be expected in the Chicago area later today, according to C. A. Donnel, weather forecaster. At dawn the temperature here was five below zero.

NAVAL PARITY

(Continued from Page 1)

since the necessity for national security.

France Ideas Given

Premier Tardieu of France followed with the most extensive speech of the day. He quoted voluminous statistics designed to show that France was entitled to rank with the highest from the standpoint of naval needs.

He served notice that France's needs must be considered most seriously and declared that she must be represented by a navy large enough to protect her far-flung colonial possession on all seven seas.

He gave detailed figures depicting the length of coastline and length of lines of communication between the colonies which France had to protect in the interests of her trade.

He asserted that the absolute requirements based on the needs he described could only become relative if it were made clear whether in the event of a conflict France would have to depend solely on her own navy or whether there would be international collaboration against the aggressor nation.

Premier MacDonald dwelt heavily upon the fact that the isolated position of the British Isles made Great Britain depend on her sea power for her very bread.

"Free access to the sea is a matter of life or death with the British Empire," he declared.

He asserted that Great Britain's desire for sea power was not based upon the acquisition of wealth or territory but based upon "the will to live."

"The Will to Live" He declared that "the will to live" was the foundation of British naval policy.

The Indian and Irish Free State delegates then followed with brief statements in which they promised their heartfelt cooperation and then Foreign Minister Grandi of Italy launched into a dramatic position of Italy's position.

Italy, he declared, had to have parity with any continental power but was prepared to reduce to the utmost any other power would go.

He said that Italy favored a maximum reduction in armaments and was willing to leave to the powers at the conference to determine the size of armaments but would have to reserve the right to determine the complexity of her own navy within the limitations prescribed by the conference.

Spoke in English Like M. Tardieu, Signor Grandi.

"My coughing and sneezing stopped just like THAT"

who spoke in English, stressed Italy's needs because of her long coastlines and her necessity for food imports.

Former Premier Reijiro Wakatsuki, the chief Japanese delegate, declared that Japan's purpose was godwill.

He reminded the delegates of the accomplishments of the Washington conference of 1921-1922 and declared that the present conference was a continuation of the Washington parley in purpose.

The New Zealand and South African delegates made the closing speeches which were brief statements in which the need of their countries for protection as learned in the World war was stressed.

It was regarded likely that another full meeting will not be held until next week.

Free access to the sea is a matter of life or death with the British Empire," he declared.

He asserted that Great Britain's desire for sea power was not based upon the acquisition of wealth or territory but based upon "the will to live."

"The Will to Live" He declared that "the will to live" was the foundation of British naval policy.

The Indian and Irish Free State delegates then followed with brief statements in which they promised their heartfelt cooperation and then Foreign Minister Grandi of Italy launched into a dramatic position of Italy's position.

Italy, he declared, had to have parity with any continental power but was prepared to reduce to the utmost any other power would go.

He said that Italy favored a maximum reduction in armaments and was willing to leave to the powers at the conference to determine the size of armaments but would have to reserve the right to determine the complexity of her own navy within the limitations prescribed by the conference.

MURDERER MUST PAY WITH LIFE

Soldier Shot Man who was On Furlough to Visit Home for Period

Wilmington, Del. Jan. 22.—Private Louis Calvano of Brooklyn must hang for his part in the slaying of Arthur C. Cline, a fellow soldier at the Fort Du Pont barracks, near here, on Christmas eve.

He was found guilty of first degree by a jury last night after four hours deliberations. The penalty is death by hanging in the state of Delaware.

Private Aleno Emery, of Huntsville, Tenn., who was arrested and tried with Calvano on a charge of murder, was acquitted, but he will be tried again on the charge of being an accessory after the fact. He is also a member of the first company of Fort Du Pont.

Cline had been given a ten days' furlough and was going home to spend the holidays with his aged parents at Amsterdam, N. Y., when he was shot and robbed. Three days later his body was found in a field near St. Georges. Emery was arrested and confessed to his part in the crime implicating Calvano. The Brooklyn youth who is still in his teens was arrested at his home and admitted the shooting.

He did not take the stand in his own defense, his counsel electing to try to save him by placing his guilt on Emery and on the stand. His father was reported seriously ill and unable to attend the trial.

MARKETS

MARKET OPENING

New York, Jan. 23.—All sections of the market were steady at the opening today, with narrow price changes, mostly upward. Dairy Association Meets This Month

The Ohio Dairy Products association, which includes in its membership the leading ice cream manufacturers, creamery owners and managers and milk distributors of the state, will hold its annual convention at Columbus, Jan. 28-29.

Several hundred persons are expected to attend, representing the dairy products industry in every county of the state.

Among the speakers will be J. R. Howard, of Washington, D. C., representing the Federal Farm Board; Dr. Weston A. Price, Cleveland, who will show the need of dairy products in the diet; State Director of Agriculture Perry L. Green, and instructors from Ohio State association.

Because of the unusually large production of butter, the price is now the lowest it has been in any winter since 1916. Efforts are being made to stimulate its use, especially in the rural districts. In an effort to save the producer of cream, for churning purposes, from serious financial loss, special arrangements have been made for the entertainment of the women who attend the convention.

E. H. Campbell, of Salem, is a director of the milk distributors association.

OPERATING COST OF U. S. GROWING

Various Departments Will Need \$150,000,000 In Increase

Washington, Jan. 23.—Cost of operating the government departments and bureaus will be about \$150,000,000 greater the year ending June 30, than during the 1929 fiscal year, according to figures available at the treasury today.

Receipts from all sources were estimated at over \$150,000,000 greater than last year, although officials hesitated to fix a definite figure owing to the uncertainty of the March and June income tax payments.

The government is now running about \$200,000,000 ahead of last year in revenue, but it was anticipated that owing to the business recession during the last quarter of 1929 and the unprecedented collapse of stock prices with losses running into billions of dollars, the March income tax returns would be substantially less than a year ago.

Total government expenses will not show such a large increase as will the departments and bureaus owing to material reductions in refunds of income and corporation taxes and in interest on the public debt.

WASHER TONVILLE

The Men's Bible class of the Methodist church taught by Mark Kline-Smith will entertain the Women's Bible class at the church on Friday evening. Special arrangements are being made by the men for the occasion.

Mrs. Mildred Snyder, daughter of Mr. and Mrs. John Sanders, and Robert Snedden, son of Mr. and Mrs. Charles Snedden, were married on Tuesday and immediately went to housekeeping in a home already furnished on Maple street, owned by Ed Lewis.

Mr. and Mrs. Elson Rouse and daughter of Lorain spent Sunday with her parents, Mr. and Mrs. John Andrew.

Mr. and Mrs. Fred Girard and children were Sunday evening callers in the home of Mr. and Mrs. Clifford Seegman, at Salem.

Mr. and Mrs. Harvey Baker spent Sunday in the home of Mr. and Mrs. Paul Gordon at Salem.

The Ladies Aid of the Trinity Lutheran church and members of council met in the church on Friday evening to make arrangements for having the church redecorated.

Miss Mae Eyster and Wm. Sewell, of Elvira, spent Sunday in the home of her mother, Mrs. Jane Eyster.

Jacob Stecker had a half of a beef stolen from his back porch early on Tuesday evening, while they were listening to their radio. The beef had been delivered to them in the afternoon. The thief has not been captured as yet.

Mrs. Wm. Bell was a recent visitor with her daughter, Mrs. Deemer Hum, at Columbiana.

FARM BOARD IS GIVEN DEFENSE

Those Who Attack Body Heavily Scored By Legislator

Washington, Jan. 23.—Critics of the federal farm board were assailed on the house floor today by Rep. James B. Aswell (D) of Louisiana, one of the leaders in the bipartisan fight for the \$300,000,000 farm relief law.

The farm board, he declared, should have time to work out the elaborate machinery of cooperative marketing contemplated by the act without interference from congress.

"It is not statesmanlike, it is not patriotic, it is not fair for gentlemen in high places to nag the farm board, especially since these gentlemen opposed the passage of the act and seem still ignorant of the provisions and purpose," said Aswell. "They demand that the farm board publish its future plan of procedure. They remind the country of the moron who demanded that General Pershing publish in advance when and where he would fight each battle in France. The farm board is treading an unbroken path, an uncharted course. It will fight each battle as it meets the enemy of the farmer. If left free, it will fight to victory, unafraid."

BUS CRASH

(Continued From Page 1.)

drive while the other should take care of the passengers and be required to alight at every railroad crossing and signal the driver when it is safe for the bus to proceed.

Meanwhile a pall of gloom hung over this district today, especially along Sheldon rd. in Brook Park village where the victims of yesterday's tragedy had lived happily until yesterday. Sorrow is in every home. In those homes where children are missing are heartbroken and grief-stricken parents. From other homes parents are sending out heart-felt sympathy and at the same time thanking the Powers above that their children were not numbered among the victims.

See Children Leave

Like a horrible nightmare, the crash scene flooded the minds of every resident in this district. It was recalled by the saddened parents how they had packed their children off to school, watched them laughing, scolding and pulling childish pranks. The mothers recalled how they had watched the ill-fated bus carrying their children off to school.

Then there was that terrifying crash. There was the sight of the splintered and tattered bus. And there was the gruesome sight of little bodies of children.

Every one of the 11 occupants of the bus, except one, was killed. The lone survivor—and how she escaped is a miracle—is 12-year-old Ethel Mae Davidson. She is in Berea Community hospital with a broken leg and she will recover, according to hospital authorities. Two of Ethel's brothers were killed instantly.

The crash in the mind of this 12-year-old girl survivor, remains as only a jumbled terrifying experience. She could not tell a connected story of the accident.

School buses in this district are to be re-routed.

The Berea board of education at a special meeting last night appointed a committee to revise the routes of school buses so as to avoid their travel over as many grade crossings as possible. It was also decided to have on all buses, hereafter, a high school boy who will act as "signal man" for the driver at crossing.

Funeral services for most of the victims of the crash will probably be held Friday, Brook Park schools, where all the child victims were pupils, were closed today, and will remain closed for the rest of the week.

Washington—The Department of Agriculture reports producers of potatoes, dairy products, cattle and poultry are turning out a "relatively strong production and marketing position which forms a substantial element of stability to the general business situation."

DEATHS

FRANK CLINE

Frank Cline, 75, died at 6 a. m. Thursday at the Salem City hospital after a short illness.

Mr. Cline had been employed at the Deming company as pump test. He was a 32nd degree Mason and a member of the Odd Fellows lodge of Alliance.

Surviving are two children, Mrs. C. L. Carver of Canton, and Edwin Cline of Chicago.

Funeral service will be held at 2 p. m. Saturday, at the Stark Memorial in charge of the Masonic lodge. Burial will be in Hope cemetery.

Friends may call at the Stark Memorial from 7 until 9 p. m., Friday.

has done and, gradually, the Pacific branch will outgrow the Atlantic headquarters.

Half the waterpower in America goes to waste in this big ocean. Industry will harness all that and use the water for irrigation after the power is taken from it as it falls down hill.

This nation needs 250,000,000 more people to eat the food and use the automobiles, clothing, houses and radio sets the country could produce.

Some day 500,000,000 Americans will live on the hilltops and mountain tops and fly down to business or to work on plains and in valleys.

Some perhaps, not feeling very well, will fly, in airplanes carrying their own atmosphere, up to that "ozone blanket" that covers the globe 30 miles above the earth's surface. Ozone is good for the health, multiplies the red blood corpuscles.

This is a very interesting planet already. What will it be when men develop it fully, in the "millions of millions of years" that science tells us we surely have ahead of us?

Walsh States Scott Will Attempt To Trim Sharkey On Foul

Johnson Predicts Low Blows Will Result In Victory For His Entry

By DAVIS J. WALSH
New York, Jan. 23.—Unless his manager is deceiving me in a very unfair manner, Phillip Scott is going right down there to Miami and win gloriously from Jack Sharkey—on a foul.

This, anyhow, seemed to be substance of the remarks aired by James J. Johnson today, shortly before the arrival of his Phil on the liner, Homeric. He didn't say that Phillip was sure to win on a foul. He merely expressed his confidence in this outcome. In fact, he seemed almost reconciled to it.

Mr. Johnson's outburst was prompted by the writer's suggestion, offered in a moment of inspired apathy, that Scott would dare claim a foul at Miami, even if he was hit no higher than the ankle.

"Wouldn't he?" said Mr. Johnson in that refined way for which he is famous. "Well, get this: Scott is going to be hit low more than once at Miami, and if he is unable to continue, he will win the fight on a foul."

"Sharkey Can't Hit Him"
"Sharkey can't hit him on the jaw. The man doesn't live who can do that to Scott. So, when Sharkey finds that he can't score to the head, what will he naturally do? He will go for the body and when he does that—look out! Some of his punches will go low and they'll have to be called."

Yes, says James, too bad; they'll have to be called. Always the philosopher, he cheerfully sees the bright side of somebody else's troubles. He, for example, quickly forgave Otto Von Porat the night Otto hit Phillip brutally upon the belt buckle. For one thing, the punch bounced Phillip all the way off the garden floor into \$100,000 at Miami. For another, it wasn't James' belt buckle. He can be downright stoic about things like that.

Anyhow, James is ready to go ahead, fearlessly offering to match Phillip's belt line with any punch in the world, and for all I know, the man may be fouled right into the

heavyweight championship before the end of the summer.

Maybe by that time something will be done about it. Baseball introduced the foul-strike rule in order to stop old Roy Thomas and right now I'm working on a swell idea along this line for Phillip. One foul, for instance, would be strike one; two fouls, strike two; three fouls—no, that won't do. You have to catch the foul tip for the third strike in baseball and you can't do that with Phillip. He falls too fast.

This reminds me that Palm Beach and Miami are said to be fighting over Phillip as a prospective guest, which only goes to show how consistent the man can be. Somebody always seems to be fighting over Phillip—directly over him.

Italian Giant To Make Fistic Debut

New York, Jan. 23.—Primo Carnera, the satchel-footed Italian mastodon, and Big Boy Peterson of Minneapolis, were all set today for their battle here Friday night, marking the Italian's American debut.

When they ended training stunts yesterday, Carnera just tipped the Fairbanks at a mere 275, while Peterson trailed along at 203.

Carnera rules a slight favorite. There is little speculation on the bout but a lot of curiosity regarding the giant importation.

Business College Girls Trim Malvern

With Martha Willaman leading scoring with seven field goals for 14 points, the Salem Business college girls' team defeated Malvern girls 26-9 in a game last night.

The Salem girls showed a strong defense and held the Malvern team to three field goals.

The Business College will play the Sebring Lassies at Memorial building, Wednesday night.

Bohr Florists Meet Alliance

Salem Bowlers to Invade Foreign Alleys For Match Tonight

The crack Bohr Florist company bowling quintet stacks up against the Alliance Dairy pin-crashers in a ten pin match at Alliance tonight.

The Florist company bowlers defeated an Alliance quintet last Friday by a 74-pin margin, amassing the high total of 2,815 pins for the three-game total, and passed the 900-mark each of the three games.

Curt and Dick Shepard were high men for the Salem outfit last week, the former gathering in a score of 597 and the latter 594. The former rolled games of 213, 183 and 201, while his brother had one game over the 200-mark, a 244 total.

DeCrow and Jackson were other members of the team in its first match. DeCrow gathered in a 580 score and Jackson totalled 664. Each had a 200-game to his credit.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Polish Runner To Race In America

New York, Jan. 23.—Stanislaw Petkiewicz, Polish plunger, is to be permitted to race in America, according to an announcement today of Daniel J. Ferris, secretary-treasurer of the A. A. U. He will get his American baptism at the Boston garden Saturday night.

The Polish star, who once beat the famed Nurmi, was barred from two New York meets because of "suspicious" circumstances surrounding his arrival here. His status was investigated by the A. A. U. for some weeks.

In the William C. Prout Memorial games at Boston the Polish runner will appear in the two-mile event. Among his opponents will be Harry Richardson, University of Maine, co-holder of the intercollegiate cross country title. Bus Moore, New York negro holder of the national cross-country title, may also enter the Boston race.

Frank Lindsay, who holds the intercollegiate title with Richardson, will run in the one-mile event against Ray Conger, the former Iowa star.

Columbiana Breaks Even In Cage Tilts

Columbiana, Jan. 23.—The Columbiana High school basketball team broke even in two gym games with Bessemer, (Pa.) High, Tuesday evening at the Columbiana gym, the local girls winning easily, 26-29, while the boys met real opposition in a well-coached, cool-headed five, 28-29.

Coch Hart's boys squad has been weakened by the loss of McPadden, who has quit school, and Tullis, who has quit the squad. Harold started the game at McPadden's guard position, being succeeded by Brungard and Hart when he left the game via the personal foul route.

The girls' game started out to be a repetition of last Friday's Newell walkaway but the visiting girls found themselves in the second half and furnished real opposition.

Chicago, Jan. 23.—Second place in the Western conference basketball race hangs in the balance tonight when Indiana and Wisconsin clash at Bloomington, Ind.

A loss tonight will prove more disastrous to Wisconsin than to Indiana, for the Badgers chose to play a ten game schedule while Indiana elected a twelve game season.

Tells How Fat Men Can Lose Half a Pound a Day

Here's a simple way to get rid of that corporation and quickly feel in both body and mind the joy of living.

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with the idea that they possess reducing qualities in themselves.

It's the safe way, too—for every day you continue this easy method of losing unwanted and unneeded flesh you gain in energy, vigor and endurance.

Nine times in ten obesity means inactivity—it means that your blood is starving for the six vital salts your internal organs need to keep you youthful, active, ambitious and keen in mind.

When you take one half teaspoonful of Kruschen Salts every morning in a glass of hot or cold water you get these six vital salts which modern foods and cooking do not supply.

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with the idea that they possess reducing qualities in themselves.

This is what they do—they clean out the impurities in your blood, by keeping the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed.

The urge for activity will be so marked that even at the end of a hard day's work you'll feel ready for any social activity or recreation—you can play as hard as you work.

And after two weeks your excess flesh starts to go—you'll know it—feel it—see it—the scales will tell the story.

As one, once corpulent man remarked: "I feel so energetic that I want to get up with the lark, and I'm just as lively as a cricket."

Kruschen Salts is not a purgative or a cathartic, but a real system conditioner and for those who are the victims of constipation or toxemia its daily use soon means blissful regularity.

Get an 85 cent bottle of Kruschen Salts—lasts 4 weeks—at The J. H. Lease Drug Co., Floding's drug store, Holger & French's or any druggist in the world.

Get That "Kruschen Feeling"

It's the Little Daily Dose that does it. Adv

"Konjola Surely Worked Wonders" Says Happy Lady

New and Different Medicine Brings Indigestion of Long Standing To Happy End.

MRS. CATHERINE NICHOLAS

Many marvel at the speed with which Konjola, the new medicine of 32 ingredients, goes to the very source of the ill. Konjola is designed to relieve. Yet Konjola works thoroughly as well as speedily, as is illustrated in the case of Mrs. Catherine Nicholas, of Campbell, near Youngstown, who says: "I am glad to tell what Konjola did for me after years of suffering from stomach, liver and kidney troubles. Headaches and dizzy spells added to my misery, and my kid boys got me up frequently at night. I lost weight, and became extremely nervous and irritable. But what a victory Konjola won. My friends are amazed at the change that has come over me. I feel like a new and different person. One thing is certain; I shall never be without Konjola, for it surely worked wonders in my case."

Konjola is sold in Salem at all J. H. Lease and Mr. Kaminsky drug stores, and by all the leading druggists in all towns throughout this entire section.—ADV.

Restless Children

Children will fret, often for no apparent reason. But there's always one sure way to comfort a restless, fretful child. Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than some powerful medicine that is meant for the stronger systems of adults.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is any need. In cases of colic, diarrhea, or similar disturbance, it is invaluable. But it has everyday uses all mothers should understand. A coated tongue calls for a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed to set everything to rights. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

The restless thermograph tells why Ohio winters are mighty tough on motor oil

But toughest lubricating tasks are easy for this special oil, made to meet Ohio's weather

New SOHIO MOTOR OIL free from harmful wax

JUST about the busiest things in Ohio during every winter are those intricate little machines, called Thermographs, used by official weather observers. They record the sharp shifts in Ohio temperature—warm to cool to cold to hot. And their records show, graphically, the severe demands made on motor oil in this State.

This winter you have a new motor oil made especially to stand this grueling pace—New Sohio. Now you can be sure of positive lubrication for your motor no matter how variable the temperature may be. You can count on smooth, easy starts on cold mornings . . . New Sohio flows freely at low temperatures. And when there's a sudden spurt-up of the mercury you needn't fear a break-down in that tough protecting film of oil between moving parts.

Never before has a motor oil been given such flexibility and sturdiness. A newly developed refining process frees New Sohio from harmful wax at 50° below zero. This leaves an oilier oil—smoother—longer lasting—ready for the toughest lubricating tasks.

Listen to the Sohioans every Tuesday Evening at 7:30 P. M. . . . WTAM

Expect These Results With New Sohio Motor Oil In Your Crankcase:

- Easier starting—less drain on battery.
- Less need for slow warming up.
- Full, smooth power—unfailing piston seal.
- Reduced carbon formation.
- Less wear on moving parts.

PUT NEW SOHIO IN YOUR CRANKCASE TODAY
